As we close out the year 2014 we wish to thank each patron that has come to the library and spent time with us. You are why we are here. We are so grateful for each of our missionaries, for their selfless service. So, we usher out the old year and welcome the New Year with great anticipation.

As you may know, we are in the process of a total remodeling of the first floor of the Library with some minor changes on the second floor. We closed the Library on the 24<sup>th</sup> of November with plans to reopen on the 5<sup>th</sup> of January, 2015. We have had some major complications that will **delay** our opening date. We are not certain at this time, but anticipate opening in late February. If you will call 480-964-1200, our Library phone number, we will include the new opening date in our message as soon as we have a firm date. We will also post it on the entry door of the Library as soon as we have the date.

We are excited for the changes that are being made. We are confident you will see them as a significant improvement. A great deal of time and effort has gone into the design of the new floor layout and other changes. The new changes include two new classrooms with computers, computer desks, projectors and screens. There will be a folding partition between the two classrooms that can be opened to create one very large classroom. We will add thirty new computers and new computer desks for all computers, and will have space for an additional twenty plus computers if needed in the future. We are also adding new carpet, paint and floor tile at the entry. The Library will have a new modern look and feel that we are sure will please you. Please stay in touch for the opening date.

If you are into the "New Year Resolution" thing, may we suggest family history work be included on your list of important goals for the New Year. We have seen so many changes and enhancements in the tools and processes that are available to help make family history more exciting and complete. It is almost shocking! We do our best to stay current with the changes and will cover these in the many classes we teach each month. Be sure to catch our Webinars and Webcasts that will cover many of the latest changes in family history work. We will announce a schedule of our 2015 Webinars at a later date, and we hope you will join us in the Auditorium at 464 East 1<sup>st</sup> Avenue, Mesa. When we reopen, we invite you to the Library where our missionaries and volunteers are available to assist and teach you one on one.

We wish each of you a happy and fruitful Family History New Year in 2015.

Elder Bruce Evans, Assistant Director
